ALPHA KYLA BANGACHON

Developer

ABOUT ME

A passionate and detail-oriented BSIT student majoring in Web Technology, with hands-on experience in web development, UI/UX design, and mobile app projects. Skilled in modern web stacks including Laravel, React, and Tailwind CSS. I also have basic knowledge of accounting processes, gained from both academic and system development experience. Known for being adaptable, collaborative, and eager to learn, I'm open to acquiring new skills even outside the tech field, and willing to take on responsibilities in fast-paced environments such as fast food and customer service settings.
